# **ANSO Young Scientists Forum And Zhejiang International S&T Transfer Convention**

**(9-10 November, 2019. Hangzhou)**

(First Circular, August 2019)

## **1. Background**

With the rapid globalization and economic growth, there are urging requests on science and technology innovation transfer to support the sustainable socio-economic development. To promote science and technology (S&T) information exchanges and cooperation among ANSO members, especially to strengthen the connection between young scholars and young entrepreneurs, Chinese Academy of Sciences and The People's Government of Zhejiang Province will jointly host the ANSO Young Scientist Forum and Zhejiang International S&T Transfer Convention on 9-10 November 2019.

The hosts will invite world-renowned scientists to Hangzhou to talk about the major challenges and latest achievements of the research and technology in focused areas. This Forum aims to provide more opportunities to young scientists and young entrepreneurs around the world on technology transfer related to the sustainability of human society.

Forum, roadshow and exhibition will be organized with 500 attendees including Nobel laureates, University/Academy presidents, world leading scholars and entrepreneurs. The topics of the forum will

include: digital economy, healthcare, sustainable technologies, emerging technologies and industries, young scientists cultivation. For the exhibition, about 100 companies will be representing their new technologies. Meanwhile, scientists and entrepreneurs from different countries are encouraged to develop ideas of collaboration in R&D and business.
