

International Conference on Frontier Sciences

(7th November, 2019. Beijing)

(First Circular, August 2019)

1. Background

To celebrate the 70th Anniversary of Chinese Academy of Sciences (CAS), the International Conference on Frontier Sciences will be held on 7th November 2019 in Beijing.

About 70 top-level scientists will be invited to Beijing to deliver the latest achievements, new views and suggestions on state-of-the-art frontier sciences, and how to encourage science and technology innovation serving for the sustainable development and human life. This conference will provide a valuable platform to promote the interdisciplinary communications and reinforce the links among scientific communities.
